

Number Formation Poems

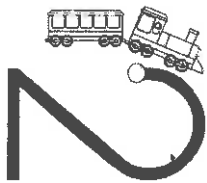

These are the fun poems we will be using to learn how to make numbers correctly.

Round and round
just like an O, now
you've made the
number zero!

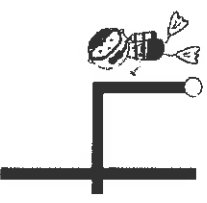

Straight line down,
and then we're done,
that's the way to
make a one!

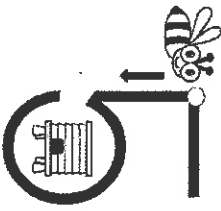

Around the track
and back,
two, two, two!

Around a tree,
around a tree,
that's the way to
make a three!

Down and over and
down some more,
that's the way to
make a four!

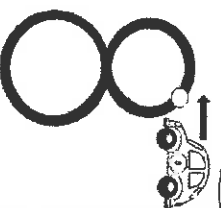

The bee goes down,
around the hive,
go back up
to make a five!

Around the clock
until it ticks, that's the
way to make a six!

Across the sky, then
slant the line, makes a
seven every time!

Make an S and do
not wait, race back
up to make an eight!

Make a circle, then
make a line, that's the
way to make a nine!
